HURON-CLINTON METROPOLITAN AUTHORITY

To: Board of Commissioners
From: Shedreka Miller, Chief of Finance
Subject: Approval – October Appropriation Amendments
Date: November 2, 2023

Action Requested: Motion to Approve

That the Board of Commissioners' approve the October 2023 Appropriation Amendments as recommended by Shedreka Miller, Chief of Finance.

Background: The Metroparks ERP system provides a work-flow process to facilitate departmental budget management. Requested transfers are initiated by Department staff and routed to the appropriate Department Head/District Superintendent for review and approval. Finance provides a final review of the approved requests to verify that they do not negatively impact Fund Balance.

For the month of October, \$250,704 was transferred between general fund accounts. Transfers were also processed within the capital project fund totaling \$576,784. Tax adjustments resulted in a net decrease in fund balance of \$455.

The result of these changes can be seen by Accounting Function and Location in the attached chart.

HURON-CLINTON METROPOLITAN AUTHORITY

To: Board of Commissioners
From: Shedreka Miller, Chief of Finance
Subject: Report – Monthly Major Maintenance Project
Date: November 1, 2023

Action Requested: Motion to Receive and File

That the Board of Commissioners' receive and file the Major Maintenance report as submitted by Shedreka Miller and staff.

Background: The Metroparks track the costs associated with periodic or infrequent repairs or maintenance that do not meet the criteria for capitalization in a function of our chart of accounts known as major maintenance. We utilize a project accounting system to budget, record and report these costs. To provide the Board of Commissioners and the broader public with improved information surrounding major maintenance projects we have developed a monthly Major Maintenance Status Report.

This report is modeled after the revised Capital Project Fund report. The format includes the location, project title from the budget document, a brief description of the work, the original budget funding, the current amended budget, year-to-date transactions, life-to-date transactions, life-to-date encumbrance balance, the remaining budget and the project status.

Most major maintenance repairs are completed within one year. Occasionally projects require additional time to complete.

As of the end of October, quite a few projects have been contracted or started with year-to-date expenses at 48.1% of the total budget.

To: Board of Commissioners
From: Shedreka Miller, Chief of Finance
Subject: Report – Monthly Capital Project Fund
Date: November 1, 2023

Action Requested: Motion to Receive and File

That the Board of Commissioners' receive and file the Capital Project Fund report as submitted by Shedreka Miller and staff.

Background: In 2018, the Board of Commissioners approved the creation of a capital project fund. To improve the information provided on specific capital improvement projects Finance is working on developing a monthly performance report.

The following columns of data are provided by project:

- Life-To-Date Total Project Budget
- Year-To-Date Total Project Expenditures
- Life-To-Date Total Project Expenditures
- Current Project Encumbrances (Funds committed through the purchase order process)
- Balance (Life-To-Date Budget less Life-To-Date Expenditures and Current Encumbrances)

This information has now been augmented to include the original budget. In addition, a page has been added which provides a more detailed description of the project as well as the current status of the project and the current estimate of what year the project will be completed. It is anticipated that this additional information will allow the Board of Commissioners as well as the general public to stay up-to-date on the capital project work underway throughout the Metroparks.

Expenditures during October 2023 were primarily related to design & construction costs of projects. The following projects had significant amounts of contracted expenses during the month:

- Hudson Mills & Lake Erie – Vault Latrine Replacements
- Lake St. Clair – Entrance/Office Road Reconstruction
- Lower Huron - Flat Rock Dam Removal Study

Project No: MiDeal #071B7700167
Project Title: Cooperative Purchase of a 70' Altec Aerial Truck
Location: Natural Resources Crew
Date: November 2, 2023

Action Requested: Motion to Approve

That the Board of Commissioners approve the cooperative purchase of a 70' Altec aerial truck for \$260,000 from Altec Industries, Inc. through the State of Michigan's MiDeal cooperative contract #071B7700167 as recommended by Travis Grubb, Senior Buyer and staff.

Fiscal Impact: Funds will come from the proposed 2024 capital equipment budget, which included \$253,000 for this equipment. Staff will amend the 2023 capital equipment budget through a General Fund Balance transfer in the amount of \$260,000 to cover the early 2024 purchase. The \$7,000 shortfall will be covered with savings from the early purchase of the F-250 for Wolcott Mill Metropark.

Scope of Work: Furnish and deliver one 70' Altec aerial lift mounted on a Freightliner M2 chassis.

Background: HCMA is eligible to participate in the State of Michigan's MiDeal cooperative contract program. Through contract #071B7700167 with Altec Industries, Inc., HCMA secured this equipment at a statewide negotiated price. The pricing was also evaluated and found to be competitive compared to similar aerial trucks from other manufacturers. Given the unpredictable economic and supply chain conditions in the automotive industry and the extended lead times for this type of equipment, it was deemed to be in HCMA's best interest to order the equipment ahead of schedule. Doing so ensures delivery no later than Q4 2025 and locks in current pricing.

Project Title: Cooperative Purchase 2023 Ford F-250
Location: Wolcott Mill Metropark
Date: November 2, 2023

Action Requested: Motion to Approve

That the Board of Commissioners approve the cooperative purchase of one 2023 Ford F-250 Crew Cab, 4x4 Pickup w/ 6 $\frac{3}{4}$ ' Box, for \$52,575 from Lunghamer Ford of Owosso, MI through the State of Michigan's MiDeal cooperative contract #071B7700180 as recommended by Neil Eby, Buyer and staff.

The new model will replace the current vehicle used at Wolcott Mill Metropark.

Fiscal Impact: Funds will come from the proposed 2024 capital equipment budget, which included \$60,000 for the vehicle. Staff will amend the 2023 capital equipment budget through a General Fund Balance transfer in the amount of \$52,575 to cover the early 2024 purchase. The purchase is \$7,425 in favor of this proposed budget.

Scope of Work: Furnish and deliver one 2023 Ford F-250, Crew Cab, 4x4 Pickup w/ 6 $\frac{3}{4}$ ' Box.

Background: HCMA is eligible to participate in the State of Michigan's MiDeal cooperative contract program. Given the unpredictable economic and supply chain conditions in the automotive industry, as well as the recent UAW labor strike, it was deemed to be in HCMA's best interest to order the vehicle ahead of schedule, as this vehicle currently sits on the lot and is available in Owosso, MI.

Project No: 70422.382
Project Title: Golf Course Supplemental Irrigation Well
Location: Kensington Metropark
Date: November 6, 2023

Action Requested: Motion to Approve

A recent change order has increased the cost of a project for the installation of a supplemental irrigation well at Kensington Metropark by \$9,064.50, which was originally estimated at \$22,579.50. As such, it is requested that the Board of Commissioners approve a contract with Cribley Drilling Company for a new total of \$31,644 and the transfer of \$9,064.50 from the unallocated major maintenance account to cover the increased cost, as recommended by Travis Grubb, Senior Buyer and staff.

Fiscal Impact: Funds are available in the unallocated major maintenance account to cover the increased cost.

Scope of Work: The project involves digging and setting up a well as a backup option for irrigation in case we are unable to use the Kent Lake inlet. This includes all necessary electrical components and pumps to integrate it into the existing golf irrigation system.

Background: The change in cost is primarily due to a discrepancy in depth and an increase in screen length from 10ft to 25ft, as originally quoted. Board approval is required as the total contract value now exceeds the board's approval threshold due to the increased cost.

Date: November 09, 2023

Action Requested: Motion to Approve

That the Board of Commissioners accept the recommended renewal for the 2024 employee and retiree health insurance program.

Fiscal Impact: The proposed 2024 Metroparks general fund budget includes sufficient funding for the recommended changes.

Background: Due to good claims experience over the last renewal period we have received an overall premium decrease of \$27,846 for the Metroparks medical insurance program. These savings are after improving both HDHP PPO plans chiropractic visits to 24 per year and physical therapy visits to 60 per year and an additional improvement to the HDHP PPO 2000/4000 plan from 80% coinsurance to 90% coinsurance.

Additionally, per our contractual agreements with the employees the amount of the employee contributions should be equal to the amount over the PA 152 hard cap. The 2024 renewal puts the plan cost for active employees under the State mandated PA 152 2023 hard cap. The PA 152 2022 hard cap amounts have an increase of 4.2% vs. the 2023 hard cap amounts.

Since we are under the PA 152 hard cap on all medical plans there are no employee contributions for the 2024 renewal year.

We have reviewed the rate renewal and improvements with the Employee Association, POLC and COAM representatives. After meeting with employees, the representatives agreed with our recommendations.

LISTEN AND CONNECT

New Partnerships:

We are at the beginning stages of forming a partnership with Mt Clemens Community Schools at the Secondary Complex that houses their middle and high school students. Mt Clemens is an equity zone (80% minority student enrollment and 60% under the poverty limit, 65% graduation rate), and the entire school system consists of 781 students. We will build momentum by starting off with a teaching training and a pilot after-school science club which will consist of 7 sessions.

- 1) We are going to provide a MEECS water quality teacher training to their science teachers at the school on November 15th.
- 2) Lake St. Clair Nature Center staff will develop a once-a-week science enrichment club for 6th-8th grades that will meet at the secondary complex from 3:30- 5 p.m. 1x weekly from February -March.

Teacher training

The Metroparks continue to offer educators to receive all the updated Michigan Environmental Education Supports (MEECS) In the next month we will be offering water quality materials and lesson plans. The MEECS are designed to be place-based, hands-on environmental education curricula for supporting science education in Michigan. MEECS units include water quality, biodiversity and ecosystems, land use, land and environment, air quality, energy, and climate. In 2023, updated units were released and we offer an opportunity for educatorS to receive training and resources to support the work you're already doing focused on real-world case studies from Michigan.

Supplemental Science lessons started for the 2023-2024 school year at John R. King Academy and Performing Arts. Staff are providing weekly lessons for three 4th classes, three 5th classes and four 8th grade classes. The students have also participated in a field trip to Indian Springs Metropark to participate in the “Ecosystem Investigation” at the Environmental Discovery Center.

PROGRAMMING

After school science clubs are also continuing with the Nature Network Club at Riverside West in Dearbron and the Let's Go Outside Club at Weston Prep Academy in Detroit. The students with the Nature Network Club went on a field trip to Oakwoods Metropark Nature Center to participate in a Fall themed program.

OCTOBER 2023

October Campaigns Fall Programs and Events

During the month of October our Fall Programs and events campaign ran alongside our More to See More to Do campaign. Both are designed to draw attention to programs and events happening in the Metroparks with a nod to fall programming and what makes it unique. The fall campaign ads and efforts all link to our Fall fun landing page: <https://www.metroparks.com/fallfun/>

What we are currently seeing is:

- programs that require registration from September 18 to November 3 currently have 2,469 enrollments.
- This is a 58.91% enrollment rate compared to max capacity.
- Halloween programming specifically performed very well with those programs ending at 1300 participants and a 72.22% enrollment rate.

If we look at the same date range in 2022 we saw:

- 2,330 total enrollments
- A 66.51% enrollment rate compared to max.
- Halloween performed even better at 1,372 participants and an enrollment rate of 96.62%.

What we see is that 2023 has so far been successful at increasing total participation slightly overall, but we have added programs and in certain cases increased the amount of total people possible in programs so our enrollment rates have gone down. However, Halloween programs did have higher numbers in 2022 by 72 people.

Annual Pass Sales

October was also spent setting up the 2024 Annual Pass campaign which includes a combination of radio ads, video ads, giveaways, digital ads, social media ads, organic social media posting, media alert, email blasts, in-park signage, select print ads, mom blog partnerships and targeted grassroots corporate and partner reach outs.

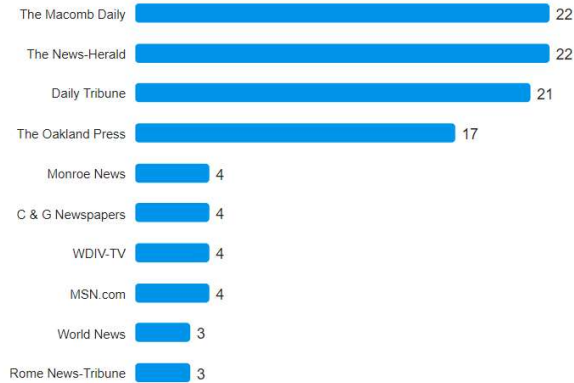

This campaign launched November 1. In the first two days of sales we saw 2,823 annual passes sold, with the largest amounts being senior passes. Chart below showing passes sold by age. Senior pass rate starts at age 62.

October Media

In the Month of October we were mentioned 3,340 times in the media and select social media with a potential news reach of 663million. 144 of those mentions were specifically media mentions.

Other Projects

Additionally in the month of October, Marketing and Communications department staff spent time working on several other projects:

- Two day fall photo and video shoot to supplement existing libraries of assets
- Collaborating with IT, Interpretive and Operations on updating and improving the program and event information submission, proofing and entry process that ensures all program information is accurate and properly built into RecTrac and available for the public. Marketing proofed all January – June 2024 programming documents that staff across the system submitted and collaborated with IT on the first steps of RecTrac entry. Also worked with IT on staff documentation and training for all staff to assist with program entry for this first time at this level. This is a big shift to the process that is being implemented this year and required some additional collaboration at the front end to build out.
- Closing out summer campaigns and pulling reporting on results.
- Collecting feedback and beginning updating of ALL park maps and brochures. This is an annual process.
- Working towards build out of Everyone in the Pool page on our website highlight the newly approved 5-year plan and reports and articles thus far. Launching in November.
- Chief of Marketing and Communications attended Advertising Week Conference in NYC to bring back trends and learning to improve efforts in 2024.

In October, 117 volunteers were scheduled to help at special events such as both Night of the Dragon events, Treats at the Beach, as well as the fall pumpkin patch and Trick or Treat programming at Wolcott Mill Metropark.

SYSTEM-WIDE

ADMINISTRATIVE

- Preparing and planning for 2024 projects. Multiple annual projects will be prepared for bid in early 2024. These projects include prescribed fire, invasive plant control, wildlife survey, and wildlife control.
- Preparing for fall 2023 prescribed fire projects at Oakwoods, Kensington, and Hudson Mills Metroparks. These projects will be conducted with both in-house staff and contracted restoration groups. Weather dependent, these burns will occur in late November or early December.
- Natural Resources staff is assisting in the project of relocating dredge spoils pile at Lake Erie Marina to the established disposal site.

Figure 1: Michigan Natural Features Inventory (MNFI) staff assist HCMA staff in a survey and assessment of Eastern Massasauga Rattlesnake habitat at Indian Springs Metropark. MNFI is a state agency tasked with documenting and supporting conservation of threatened and endangered species, and is assisting HCMA in identifying and assessing hibernacula, which snakes use as habitat to hibernate through the winter.

SOUTHERN DISTRICT

LAKE ERIE METROPARK

- Spoils from previous marina dredging is being moved to a secondary site to prepare for 2024 dredging projects. This work is being done with in-house staff.

LOWER HURON METROPARK

- Contracted invasive shrub and vine work has been completed at the park. This work was focused on maintaining the momentum of previous years work, and opening new areas that will receive follow-up treatment in 2024.

OAKWOODS METROPARK

- Planning for prescribed fire for fall 2023 continues, weather dependent. Planning for 2024 prescribed fire and shrub control projects, in an effort to continue to improve conditions of the grasslands at Oakwoods, and prevent the encroachment of invasive shrubs.

Figure 2: At Lower Huron Metropark, Robbe Farm is a unique and valuable habitat situated in a difficult to access area of the park. This habitat is home to many protected species and is a high priority for conservation.

WESTERN DISTRICT

DELHI METROPARK

- Invasive shrub and vine control underway, being performed by a contractor. This work will focus on the removal of Glossy Buckthorn in the riparian zone, between the river and the trails. This area will be restored in the future to appropriate floodplain plant and tree species.

INDIAN SPRINGS METROPARK

- Seed collection and dispersal volunteer events are underway for fall 2023. These activities are part of the “Healing the Headwaters” grant program to restore the Huron Swamp, and West Wetland complex at Indian Springs. These habitats are important to the downstream water quality of the Huron River.

HUDSON MILLS METROPARK

- Planning for prescribed fire in a previously restored prairie. This fall burn will target cool season grass dominated areas, and hope to tip the balance of plant species in the prairie to support more flowering species.

Figure 3: Volunteers from Toyota assist Natural Resources staff in the removal of invasive shrub and vine species at Kensington Metropark. These volunteer efforts help our staff cover more ground, and provide opportunities to engage with and educate members of the public on the importance of preventing invasive species establishment.

EASTERN DISTRICT

STONY CREEK METROPARK

- Ongoing work and assistance with US Fish and Wildlife staff, in a project to monitor and assess native mussel habitat in Stony Creek. This project will provide a baseline understanding of environmental conditions, which will inform later restoration and rehabilitation efforts throughout the Clinton River watershed.

LAKE ST. CLAIR METROPARK

- Planning for 2024 maintenance of planted trees, and preparation for planting additional trees in the park in 2024. Between 2019 and 2021, the park lost an estimated 200 mature trees due to high water levels, and natural aging of short-lived tree species such as cottonwoods.

WOLCOTT MILL METROPARK

- Continued planning and assessment for restoration of the former golf course grounds, to include plans for strategic mowing, seeding, and prescribed burning of management units. Seed is being prepared for sowing in 2024.

Figure 4: Natural Resources staff assist the U.S. Fish and Wildlife Service in conducting a water quality and native mussel habitat monitoring project in the Clinton River near Wolcott Mill Metropark. Native Mussels are important filter feeding invertebrates that contribute to water quality, and help biologists identify high quality habitat zones in the river.

WHAT'S NEXT?

SYSTEM-WIDE

- Post-construction monitoring data and reporting to be completed for a number of restoration sites, at Lake Erie, Willow, and Lake St. Clair Metroparks.
- Partnership with the City of Detroit parks staff continues, with upcoming work to be informed by plans currently under development and review.
- Stormwater and water quality improvement planning with internal staff and partners, cooperation with consultant. Review of partner input sessions forthcoming.

SOUTHERN DISTRICT

- Green Infrastructure Improvement project funding by GLRI and EPA to begin work soon. Invasive plant control will be completed this fall on project partner's property at Six-Points, owned by the Wyandotte of Anderdon Nation.

WESTERN DISTRICT

- Oak-wilt treatments and mitigations.
- Prescribed fire in grassland units.

EASTERN DISTRICT

- Installation of camera and monitoring equipment at wildlife tunnel crossing at Lake St. Clair Metropark.
- Planning and restoration at the former golf course at Wolcott Mill Metropark. The goal for this habitat is to restore former turf areas to native grass and flowering forb species. Native trees will also be planted in restoration areas. The walking paths established by the former golf course cart paths will be modified to provide walking trails for park users to experience the restored habitat.

Resolution No.

At a Regular Meeting of the Huron-Clinton Metropolitan Authority on *November 9, 2023*, the following resolution was offered:

WHEREAS, the Huron-Clinton Metropolitan Authority (hereinafter the "Community") periodically applies to the County of Wayne Department of Public Services, Engineering Division Permit Office (hereinafter the "County") for permits to conduct emergency repairs, annual maintenance work, and for other purposes on local and County roads located entirely within the boundaries of the Community, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

WHEREAS, pursuant to Act 51 of 1951, being MCL 247.651 *et seq.*, the County permits and regulates such activities noted above and related temporary road closures;

NOW THEREFORE, BE IT RESOLVED, in consideration of the County granting such permit (hereinafter the "Permit"), the Community agrees and resolves that:

Any work performed for the Community by a contractor or subcontractor will be solely as a contractor for the Community and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the Community. The County shall not be subject to any obligations or liabilities by vendors and contractors of the Community, or their subcontractors.

The Community shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgment being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the Community requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Resolution as part of a permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

This Resolution stipulates that the requesting Community shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary

signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

This Resolution stipulates that the requesting Community shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Resolution shall continue in force from the date of execution until cancelled by the Community or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the Community with regard to any Permit which has already been issued or activity which has already been undertaken.

The Community stipulates that it agrees to the terms of the County of Wayne permit at the time a permit is signed by the Community's authorized representative.

BE IT FURTHER RESOLVED, that the following individual(s) is/are authorized in their official capacity as the Community's authorized representative to sign and so bind the Community to the provisions of any and all permits applied for to the County of Wayne, Department of Public Services Engineering Division Permit Office for necessary permits from time to time to work within County road right-of-way or local roads on behalf of the Community.
